6. Registration and Official Records

Students are required to register officially during the registration phase each semester. Students should adhere to the guidelines of the Registration guide issued from the Admission and Registration department. They are expected to consult the respective advisors regarding the selection of courses. In order to prepare the students well in advance for the registration process the registration period is specifically marked in the academic calendar. As delay in registration would negatively affect the functioning of the system, late registration is not at all appreciated. Nevertheless, genuine cases will be considered and delayed Registration will be permitted, but students will be charged a late registration fee.

6.1 Orientation Program

Orientation Program is the process through which a new student is comfortably introduced and assimilated into the main flux of the University. Each university has its own ways of familiarizing new students with its specific regulations and lifestyle on campus. The Office of Student Support Services introduces university life through campus tours and visits, meetings, lectures, demonstrations and other activities, which prolong for a week. Orientation is a mandatory program for all new students.

6.2 Registration Procedures

Prior to the registration period, a registration guide shall be made available to the students by the Admission and Registration department. The guide contains extensive information and details on the steps required for registration. The guide will be updated regularly with courses being offered; students are required to refer to the guide in preparation for registration and meeting with the academic advisor.

Registration involves three main steps:

1. Advisement
2. Selection and registration of courses
3. Tuition fees payment

All new students are required to submit all necessary documents related to their admission, in particular the ones mentioned in the letter of admission, prior to the beginning of registration.

Students are not permitted to delay the payment of the tuition fees after the registration period. Special permission may be granted in the following conditions:

- In the event of a student facing a challenge in paying the registration fees in full, a letter is required to be submitted by the student's sponsor detailing the reasons of the inability.
- A written and signed approval shall be provided by the authorized officials of the University stating the payment terms and conditions.

If a cheque is returned for any reason, an additional amount of AED 200, shall be added to the student account.

6.3 Late Registration

Dates such as admission deadline, examinations, etc shall be posted prior to the beginning of each semester. It is the student's responsibility to be informed and adhere to these dates. A delay in registration subjects the student to a late fee of AED 250. Students will be denied attendance to a course if five class days have been completed.

6.4 Class Availability

The University attempts to meet student's needs in various ways through its schedule of classes. Classes are scheduled from 08:00 to 17:00 Sunday to Thursday. While the majority of courses required for degrees are scheduled between 08:00 and 17:00, it is possible that some classes and some sections of classes are scheduled later than 17:00 p.m. Access to courses and sections of classes for matriculated students is on a first-come, first-served basis determined by the date of registration. Students registering later may have fewer options on the selection of a schedule.

The university supports students to follow a part-time schedule if the option is in their best interest; this may result in difficulty in registering for every

course in every semester. Students with part-time loads and not in regular sequence should consult with their Program Leader or the appropriate Dean.

6.5 Registration Cancellation

Students are allowed to cancel their registration provided that it is made three working days prior to the commencement of the semester. The request needs to be made in writing and submitted to the Admission & Registration department. A refund in full shall be granted provided that all the Add/Drop procedures required by the Admission & Registration department have been followed.

6.6 Registration Discrepancies

Students finding a mismatch in their schedule or are not listed in the roster for classes they have registered for should inform the Admission & Registration department immediately. The Admission & Registration department is the only department authorized to clarify and/or rectify the student's registration status.

6.7 Transfer Student Registration

UAQU allows the enrollment of students given non-degree and visiting admission provided they have met the necessary academic prerequisites. Course registration and payment in full, similar to that of a regular student, should be made at the Admission & Registration department. The priority of enrollment to courses with limited seats will be given to students pursuing a degree program.

6.8 Non-degree and Visiting Student Registration

UAQU allows the enrollment of students given non-degree and visiting admission status to courses provided they have met the necessary academic prerequisites. Course registration and payment in full, similar to that of a regular student, should be made at the Admission & Registration department. The priority of enrollment to courses with limited seats will be given to students pursuing a degree program.

6.9 Academic Standards and Regulations for Non-degree Study

Non-degree students must maintain a GPA of 2.0 on a scale 4.0 to be qualified to continue taking courses.

6.10 Audit Registration

Students wishing to attend as auditors for a course are allowed to do so provided they pay the regular fee, obtain a written approval from the Faculty member, audit courses with adequate classroom and laboratory facilities and with registration for a minimum of 12 credits.

Papers and Examinations may be submitted to or accepted by the Faculty member of the audited course. There will be no credits granted for auditing courses. Students enrolled into an audit course are not allowed to change the status once the semester has started. The University is not responsible for the academic progress of an audit student. Audited courses have a non-refundable tuition fee policy. Students with active enrollment are given priority over new entries for enrollment into courses as auditors.

6.11 Class Standing

A student's class standing is determined by the number of credits hours completed successfully:

0-29 credit hours	First Year
30-59 credit hours	Second Year
60-89 credit hours	Third Year
90 or more credit hours	Fourth Year

6.12 Change of Major

Students are permitted or may be asked by the University to change their major provided they meet the pre-requisites and obtain an approval from the College Dean for the major they are applying for. Degree requirements stated in the catalog for the year in which the change is made, should be followed.

6.13 Add and Drop

Students may drop and/or add courses until the end of the Drop/Add Period as stated by UAQU. Students who wish to do this with courses should first speak to their academic advisors before they take any decisions as such. Courses which are dropped during the Drop/Add period will not be reflected in students' academic records. Students are also asked to review the Tuition Refund Schedule before taking any action in this regard.

6.14 Withdrawal from Courses

The withdrawing policy from a course is as follows:

- A withdrawal from a course during the first week of the semester will not appear on the transcript.
- A grade of "W" will be stated on the transcript if a withdrawal occurs between the 2nd and 10th week of the semester.
- The deadline for accepting course withdrawal requests is the end of the 10th week of the semester.
- A student is financially obligated if they fail to provide written notification of their withdrawal from a course to the Registration office. Abstaining from attendance or refraining from using any services related to the course will not exempt the student from these obligations.
- Should the student decide to take the course in the coming semesters, a registration and a payment for the course needs to be made.
- Drops and withdrawals requested by students are irreversible, non-retroactive and effective on receipt date.
- A student may audit a course they have withdrawn from provided they obtain the faculty's approval.
- A withdrawal made between the 11th week and the last day of the semester will register a mark of "F" and a grade of 0.00 in the transcript. The grade will be considered in the student's GPA calculation.

6.15 Administrative Withdrawals

An administrative withdrawal will be exercised by the appropriate officials in instances where it is in the best interest of the students. Reasons for such a withdrawal include delinquency in making payments, poor health, inappropriate personal behavior, plagiarism, failure to respond to requests made by official personnel and/or an excess of absenteeism.

Withdrawal from the University

Students could choose to leave UAQU for a number of valid reasons. Students are expected to do so by tendering a signed withdrawal application to the Admission & Registration department. Leaving UAQU shall lead to a grade of "W" being recorded. Withdrawing from UAQU after the deadline shall lead to a grade of either WP or WF. This depends on the grades the student achieves up to the point of withdrawal.

If a student withdraws from UAQU, this schedule of the refund applies:

One week before the first day of classes	100% excluding the seat reservation deposit of new students
Before the end of the first week of classes	100% excluding non-refundable deposits
During the second week of classes	50%
During the third week of classes	25%
After the third week of classes	0%

No refunds shall be made after the end of week three. No refund shall be given in respect of any application, activities or other fee in the case of special services carried out for students.

6.16 Student Academic Record

6.16.1 Permanent Record

Students are held accountable for making sure their records are accurate while studying at UAQU. Records include, but are not limited to, personal information, degree and/or area of specialization and grades achieved. Student's records are kept in the Admission & Registration department. Students have the right to see their records.

6.16.2 Transcripts

Official UAQU transcripts are to be requested from the Admission & Registration department. Transcripts are only released when the concerned student signs a request form. UAQU only releases complete transcripts, and not in parts. UAQU will not release any information from the students' files without written consent from the student. UAQU does not make copies of transcripts or other official documents in the student's file issued from other departments or universities.

6.16.3 Privacy of Student Records

Students have the right to access their own official records or to release them to any individual or group. They are required to make a request in writing for the same. In case they wish to keep their data and records confidential, students must submit a written request informing the Department not to release any data or information to any other person or group. Such requests are to be submitted to the Admission & Registration department.

All records subject to such objections will be released from the student directory only after the written consent of the student is received by the office.

UAQU allows its campus officials and employees to access student's records if there is justifiable educational interest in doing so. Examples of these are those people who have responsibilities with regard to the administrative, academic, or service functions of UAQU and have a sound reason for using student records.

Information may also be disclosed to other people or organizations under certain specific conditions. For example, this may be part of an official request or program evaluation; it could be in response to a court's order related to financial aid matters; or to do with institutions the student is transferring to.

- Bachelor of Science in Business Administration majoring in Human Resource Management

7.1.4 College of Law

- Bachelor of Law

Each specific degree program has further major and major-related requirements that are detailed in the catalog section of the college offering the major.

Caution: This catalog comprises of the program structure, course offerings and their requirements, which is not an irreversible document. It is not a declaration made once for all, as it is under continued perusal and revision, and therefore has sufficient room for improvement, whenever felt by the committee members assigned for this task. This catalog and the content therein are also subject to amendment during any semester, and the requirements for the program may be increased or reduced. Students should be aware that the University reserves the right to revise any of the requirements. They assume full responsibility towards the requirements and its adherence under all circumstances.

Graduation requirements for the students are prescribed in the student catalog in effect at time of his/her matriculation. It is to be noted that to graduate, a student must successfully complete at least 120 credits and acquire a cumulative GPA of at least 2.0. In case of change in credits associated with a course, the total credits required for graduation in the program may also respectively change. All such procedures are supervised by the College Dean and any major changes in course offerings are equivalently reflected in the Graduation Requirements.

7.2 Graduation Requirements

- Graduation requirements include the successful completion of a minimum of number of credit hours as specified for each major
- Satisfaction of the internship requirement
- A minimum CGPA of 2.0
- Degree requirements must be completed within sixteen semesters of admission to UAQU

7.3 Declaration of Major

Students normally declare their major for the program at the time of admission in a particular college. UAQU allows students to choose to declare their major before the beginning of their third semester so that they could have wider experience and exposure to various disciplines before final declaration of the major.

Catalog of the year is the most suitable guide in the wake of declaration of the major. In case of withdrawal from UAQU followed by readmission, a student is required to follow the requirements stated in the catalog of the year in which admission is being sought.

7.4 Free electives

A grade of D is the minimum requirement for free electives. The choice of free electives may or may not be limited by the respective College. Preparatory courses may not be used to fulfill free electives requirement.

7.5 Internship

An internship is an education experience that offers students the opportunity to learn practically what they have studied in their classes. Students have the chance to assess the companies they work for and, perhaps more importantly, they are about to take any decisions for their career selection. For many, deciding on a specific career is difficult. An internship can clear up any doubt a student has about a choice of major because it offers insight into a possible career path that the class cannot give. Furthermore, an internship can assist students in identifying their abilities in detail so that they can understand clearly what is required to be successful in their chosen field. After internship, students will have a better idea as to whether a chosen job meets a particular need, expectation, or goal. Students can avoid loss of time and resources and begin to put in their energies in other career options about which they feel more positive.

The internship is an integral part of the study plan of each University student. The training period is 8 weeks, and final year students are generally eligible for enrollment.

It is imperative that the student does the training outside the classroom where he/she gets exposed to real life environments in order to apply the skills that he/she acquired in the classroom. The Training Office (Internship) in cooperation with the career office will make every effort to establish a database of firms that can absorb the students for practical training each year.

Normally, practical training is done in the summer semesters, but in some cases, the course might be offered during the regular semesters also, e.g. English Language and Translation Program.

The student and the Field Supervisor should work closely over the decision for the overall program that meets the needs of the student. This should be completed with the help and advice of the Faculty advisor responsible for the internship program; this should include a number of opportunities to experience administration, as well as development of programs and leadership courses. Wherever possible, the internship should give the student experience in and an overall knowledge of a variety of professional events in the area of specialization. Internship students are given the opportunity to take part in administration meetings that are relevant to their prescribed duties.

- Work at least 8 weeks during the regular hours of the selected firm or organization during internship.
- Submit an Internship Final Report upon its completion.
- Stay in regular contact with his/her Faculty advisor during internship through appropriate forms of communication.
- Have an exit interview with his/her Faculty advisor after submitting the internship final report.

Students who pay tuition fees for any term and then later withdraw their registration in the Admission & Registration department before the first day of the semester as mentioned in the Academic Calendar are at liberty to expect a complete refund of tuition fees. After classes begin, students who withdraw formally from UAQU may only be permitted a partial refund of tuition fees. This refund is founded on withdrawal date. A withdrawal

application must be sent to the Admission & Registration department. Pending the application, the withdrawal is not considered official until all processes have been completed. Notice of withdrawals must be in writing, and are effective only from the date on which they are accepted by the Admission & Registration department. UAQU reserves the right to debit the refund from any student's outstanding debts due to the institution. Refunds are made only in agreement with this schedule:

Withdrawal Schedule	
Withdrawal from the University	Refund
One week before the first day of classes	100% excluding the seat reservation deposit of new students
Before the end of the first week of classes	100% excluding non-refundable deposits
During the second week of classes	50%
During the third week of classes	25%
After the third week of classes	0%
<i>*Refunds for summer session withdrawals are prorated.</i>	

Students will be charged at the standard rate for the number of credits used. Once they have made a complete payment in advance, then only they will officially withdraw from a course at UAQU.

When students postpone their admission date to the following semester or withdraw from the program their fees credit will be forwarded to the same semester. Fee refunds will only be made to those who complete their course at UAQU with an expectation that they will not register for courses again in the future.

The schedule for refund relates to tuition for courses that are credited or audited, and the Intensive English Language program. The Student Services and Activities Fee, the Application Fee and special charges in particular circumstances are not refundable.

8.3.2 Refund on Dropped Courses

The enrolled students dropping courses during the first four weeks of the Fall and Spring semesters and during the first two weeks of Summer

Semester will receive a 50% refund of the tuition fee. After the fourth week of Fall and Spring semesters and after the 2nd week of the Summer semester, they will not be entitled for any refund of their tuition fee.

8.4 Financial Responsibility

Students are required to meet all financial responsibilities to UAQU. If anyone writes a uncovered cheque unknowingly or fails to meet any or all financial obligations, it will be treated as a case of lack of financial responsibility. If it is discovered that a uncovered cheque has been written deliberately, the matter will be handed over to the police.

Students who are found to have written two (2) bad cheques (unless the problem is due to an error on the part of the bank) for tuition fees, for payment of any debts, or for purposes of cashing checks, will forfeit cheque writing and for the remainder of the current academic year.

Moreover, a student who has entered a bad cheque (unless the problem is due to an error on the part of the bank), will be reported and made liable to pay any or all bank charges. It is the responsibility of students to present proof of error on the part of the bank. Encumbrances and cheques which have been returned must be cleared by a cash payment or by the use of a cashier's cheque. Returned checks will not be deposited after the first failure. If the cheque is entered towards payment of tuition fees, the return of the cheque after the closing registration will result in AED 250/- as a late registration fee in addition to the charges the bank make.

Students who fail to meet their financial commitments may face being forced to withdraw and be disqualified from registering in a new term. Credit Statements or transcripts will not be given out to or on behalf of students until all financial commitments have been met.

8.5 Financial Aid

Students with a cumulative grade of 95% and above in the qualifying examination will be granted a 25% concession in their tuition of first semester as a scholarship. This scholarship is limited to the first semester only.

Students with a cumulative grade of 90% and above in the qualifying examination will be granted a 15% concession in their tuition of first semester as a scholarship. This scholarship is limited to the first semester only.

A merit scholarship of 15% discount on the tuition fee will be granted to students whose CGPA is 3.8 or above on a 4.0 scale in every semester. This merit scholarship will be effective the next semester. Failure in any course will result in a student not being eligible for the scholarship.

8.5.1 Merit Scholarship

Merit Scholarship for outstanding first year student to cover 25 % of tuition fee at the UAQU. The conditions for the award are:

- applicants who secured 95 to 100 % of marks in high school final are eligible for 25% tuition scholarships
- applicants who secured 90 to 94% of marks in high school final are eligible for 15% tuition scholarships
- all applications for the award must be tendered to Admission/registration office on or before the notified date.
- all applicants meeting the above requirement will qualify to receive the award.

8.5.2 Family Tuition Grant

A family grant is offered to those parents who have more than one child enrolled at the University. The conditions for the award are:

- 20% fee concession for the second child and 30% for the third child and further additional children.

The 1st child will pay full tuition fee.

The 2nd child will pay 80% of tuition fee.

The 3rd child and further additional children will pay 70% of tuition fee.

- The concession will be available for a maximum of 4 years for each child.

- The children must be of the same father.
- The grant will be withdrawn in case any of the siblings register less than 12 credits or is suspended from the University

8.5.3 Maintaining Financial Aid

Students will become ineligible to receive tuition fee grant or other aids for the next semester if their semester load falls below 12 credit hours, or placed on academic/behavioral probation, or are suspended from the University.

For registered students on Tuition Fee Concession need to maintain the following:

- Semester GPA of 2.5 or better
- CGPA of 3.0 or better
- Must maintain a standard course load of 12 credit hours or more

9. Academic Rules and Regulations

9.1 Academic Regulations

Students are held accountable for their academic requirements, conduct, and personal property at UAQU. We expect students to confine themselves to the best personal and academic behavior and honor as adult members of an academic society. Each student is responsible for following the information, systems, and his/her level. If a student fails to read, comprehend, and follow UAQU rules, he/she is not free from whatever penalties may follow for a transgression of any rules. Ignorance and unawareness are not mitigating factors in any regard. They are also answerable for the safeguarding of their academic position. They should get the necessary approval from an academic advisor for their program needs. Students are also strongly advised to maintain their own personal records of all dealings with UAQU. These should include any registration plans and duplicates of advisement forms, grade descriptions, records of payment, and so on. Also, when possible, students should keep duplicates of all

exams, tests, essays and papers which have been submitted as coursework on the courses they are formally registered as being part of.

9.2 Advising Policy

Academic advising is the basis of the scheme of our educational framework. Faculty members who are effectively trained become Academic Advisors and are chosen for their ability to assist students to find and follow academic or applied-technology goals. Students are guided to choose appropriate courses and class timetables from the beginning of the first semester to achieve these goals. Students are given faculty advisors based on their major subject specialization. Advisors at the Advising Office will help students who have not stated a major for Academic Advisement. All first year students are required to have an advisor who will then approve and sign their schedules.

Academic Advisors help students become familiar with the educational system followed by UAQU. They assist students in understanding and becoming familiar with the course requirements; map out their priorities, help students decipher test scores, observe student advancement toward graduation, and help students with working out major and/or career choices. Academic Advisement assists students in reaching their educational possibilities by assisting them in discovering new goals and evaluating them in their progress and training them to use the available resources on site in order to attain their goals.

Students must assume the full responsibility for meeting all requirements recognized by UAQU for their Degree. A student's advisor may not presume to take on these responsibilities. Any change, waiver or exemption from any requirement or academic standard may be carried out only with the necessary approval.

9.3 Students Responsibility

It is entirely students' responsibility to familiarize themselves with the content of this catalog and to strive for its observance. Furthermore, the

statutes of rules and regulation are also available in the Admission & Registration department to be procured on request. Student's ignorance regarding the rules and regulations will not serve as a mitigating factor in any regard. Although the University personnel (advisors, faculty members, Head of Admission and Registration, departmental staff and all) will be assisting and guiding, it is the students' responsibility to meet the academic requirements and meet the deadlines, follow the instructions and observe the injunctions, regulation and policies outlined by UAQU. In case of ignorance and lack of awareness of the aforementioned, students will be held responsible.

9.4 Course Code, Level, Title and Credit Hours Information

Each discipline furnished by UAQU has a summary code of three or four letters, followed by a number which indicates the level. For example, ACT 292 Principles of Accounting II (3-0-3)' is a second tier course. ACT is the course prefix (which represents accounting) and 292 is the course number. The number in brackets that follows the course title shows the contact hours – theory and laboratory - and credit hours for that particular course. If the occurrence of classes is not mentioned, the course is conducted at the discretion of the Program or College. Students who wish to inquire should check with academic units and the respective program College.

9.5 Class Periods

UAQU offers most of its courses on a five-day schedule, from Sunday to Thursday. Classes are normally convened two days per week, for one hour and thirty minutes per class, or three days a week for One hour each day . Laboratory, workshop, and specialized courses are convened for two or three days per week and will be for one hour sessions. Class length and frequency may alter during the summer semester.

9.6 Course Prerequisites

Advanced level courses, typically with 200, 300, and 400 codes, may have one or more introductory level requirements. Usually, 200 level courses are for first and second year students, while 300 and 400 level courses are for third and fourth year students. Specific requirements are usually indicated in the course description. Codes, numbers and titles are those that pertain to UAQU.

Courses completed elsewhere with a grade of C or more at an accredited institution of higher education may satisfy the requirement level and students will be allowed to transfer their credit hours. This is determined by UAQU. Students must consult their Academic advisor for acceptance of equivalency and obtain the required permission to join advanced courses. It is the students' responsibility to register for the course only after finalizing the prerequisites. Students who do not meet course requirements will be removed by the Admission & Registration department from that course.

9.7 Course Co-requisites

A co-requisite course should be taken simultaneously with another specified course, or courses, as is set out by the college. A co-requisite course can also be completed before taking up the course or courses with which it is associated. Specific co-requisites are usually mentioned in the course description.

9.8 Class Schedule Changes

Students who fail to attend a course for which they are registered without following drop or withdrawal policies will receive an F grade in the course. Deadlines for drop/add and withdrawal are printed in the Academic calendar.

9.9 Class Size

Classrooms space should at least be 1.6 square meters per student. For a class size of 40 students, for example, the room should be at least 64 square meters; for 50 students, 80 square meters.

The class size shall be restricted to 40 students for a theoretical lecture room. The maximum number of students to be enrolled in a computer lab is 25 students.

The above mentioned limits are strictly enforced in case of specialization courses and may be relaxed for non-specialization courses when the nature of the subject and the instructional method permits it.

The class size limits for general education and core courses, may accordingly be increased after submission of proper justification for the approval of the College Deans and the VP for Academic Affairs.

The Head of Admission & Registration monitors and controls students' enrollments in the semester prior to commencement of classes so that faculty members will have adequate time for modifications in case of increased demands for a certain course, and alternative additional sessions may be offered.

9.10 Credit Hours

Courses have their values expressed in credit hours. Usually, each credit hour is equivalent to sixty (60) minutes of instruction per week. Each hour of laboratory class time is equivalent to 120-180 minutes of laboratory experience.

9.11 Course Sequences

Numeric course sequencing is followed.

- 090 sequence: Remedial credit courses (Remedial courses do not count toward degree requirements.)
- 100 sequence: First year
- 200 sequence: Second year

- 300 sequence: Third year
- 400 sequence: Fourth year

9.12 Academic Load

A student admitted and enrolled for a program as a degree-seeker, is normally registered for 15 to 18 credit hours for each semester. In any semester, students should register for at least 12 credit hours and be certified as full-time. A total of 18 credit hours per semester is the upper limit a student is allowed to take. Students on probation are not allowed to enroll in more than 12 credit hours per semester.

9.13 Cumulative Grade Point Average

The grade point average (GPA) of a student in a semester can be obtained by adding the product of the grade of each course by the number of its credit hours, and then dividing the result by the total number of credit hours. The cumulative grade point average, CGPA, is the summation of the GPA of the student for all semesters attended. The GPA accounts for all courses taken in a semester including those the student has failed. Both GPA and CGPA are rounded to the nearest decimal unit. The GPA and CGPA are calculated according to the following formula:

$$GPA = \frac{\text{Total}(\text{credit hours per course} \times \text{grades received per course})}{\text{Total of credit hours per semester}}$$

$$CGPA = \frac{\text{Total}(\text{credit hours per course} \times \text{grade received per course})}{\text{Total credit hours taken during all semesters}}$$

Example:

$$GPA = \frac{(3 \times 4 + 3 \times 4 + 3 \times 2 + 3 \times 3 + 3 \times 3 + 3 \times 2)}{3 + 3 + 3 + 3 + 3 + 3} = \frac{54}{18} = 3.0$$

9.14 Residence Requirements

To obtain a bachelor's degree a student must take at least 50 percent of the required credits for a degree in residence at UAQU. At least 40 of the 60 hours must be in courses at the 300 and 400 levels; with a stipulation that no more than 12 transfer credits in 300-400 level courses will satisfy the concentration requirement of any program.

9.15 Student Categories

9.15.1 Full-Time Students

For full-time status to be conferred, a student must have an academic load of between 12 and 18 credit hours for each regular semester.

9.15.2 Visiting Student Admission

Enrollment as a part-time student is restricted to the following:

UAQU staff members who are pursuing a degree (approval of the employee's director is required)

- Those who need fewer than 12 credits to complete an undergraduate degree (approval of the academic advisor is required)
- Those who are enrolled as auditing, non-degree or visiting students.
- Part-time options are available for adult students; UAQU's SSC center also caters to their special needs like personal counseling to balance their family and the curricula activities, time management, developing a peer group and engage them in occasional interactive sessions to relieve them out of stress due to family and financial challenges.

9.16 Duration of Study

An undergraduate student must complete all degree requirements within a maximum period of sixteen semesters of admission to UAQU, inclusive of any leave. This holds irrespective of the catalog which governs the student's academic career. A student in good academic standing may not take leave for more than one semester and if he/she is away from the University for two consecutive semesters, a new application for admission should be submitted.

9.17 Lateness and Attendance

The University guidelines for lateness and attendance are as follows:

- students are allowed one absence without a required written excuse for every semester credit hour taken.
- students who exceed the specified amount of unexcused absences, may be required to produce an official documented excuse from the university may be required by the Faculty member
- It is the student's responsibility and entitlement to meet and discuss all absences, -planned or unplanned, with their Faculty members.
- students must notify the Office of Student Support Services/Judicial Affairs for any emergencies that require immediate exemption from university grounds within a period of 48 hours.
- No student shall neglect more than 20% of their class attendance, whether excused or unexcused, in a given semester.
- Upon the prudence and judgment of the Faculty member, a course grade of "FA" may be given to any student who exceeds 20% of absences in a semester.
- The Office of Student Support Services/Judicial Affairs is officially responsible for issuing class excuses for legitimate purposes.
- If a student is tardy three times to class, it is automatically counted as an absence. Each Faculty member is responsible to define the rules for which a student is considered late to class.
- Once a student falls to approximately ten to fifteen percent of absences in a class, he/she shall receive a warning.
- The Chair of the respective program has the right to permit a student's withdrawal from a course, if presented with a suitable and acceptable explanation for excessive absences. This will be coordinated and is with the consent of the Head of Admission and Registration.

9.18 Grades and Examination

For each course a student takes, a thorough and consistent assessment is conducted throughout the semester. The means of evaluation of examinations, quizzes, reports and discussions, help students assess their knowledge and recognize where their progress in the respective course. Final examinations serve to sum up the overall performance of the student in the entire semester without being excessively emphasized.

All examinations have a maximum time period of two hours. Final examinations are held as scheduled in the academic calendar of the University.

After the Final Examination, students are assigned a final grade in each course. This grade is a student's overall assessment as made by the Faculty member throughout the semester. It reflects the students' performance in the various aforesaid components and class participation. The final grade allotted to the student is his permanent record available only in the Head of Admission and Registration department's office and is subject to no change.

9.18.1 Grading System

The cumulative grade point average (CGPA) is based on a four-point scale. The following grading system is used at the University:

Grade	Percentage Score	Points	Description
A	95-100	4.00	Excellent
A-	90-94	3.7	
B+	87-89	3.3	Very good
B	84-86	3.0	
B-	80-83	2.7	Good
C+	77-79	2.3	
C	74-76	2.0	Satisfactory
C-	70-73	1.7	
D	60-69	1.00	Poor
F	<60	0.0	Fail

The grades obtained in non-credit courses are not included in the computation of a grade point average. The last grade of the repeated course is counted in the calculation of the cumulative GPA. Credits for repeated courses are only counted once.

9.18.2 Final Examination

After completion of the course, a Final Examination is conducted at the end of the semester. Examination schedule with date, day and duration is published by Admission & Registration department in advance. If a student writes an exam, hands in the paper to the authorities concerned for marking process and further requests for rewriting the same paper, on whatsoever grounds, he puts forth, the request will be denied to him/her. Retroactive withdrawal from the examination will also not be considered. All students and Faculty members are expected to be available for examinations up to the last day of the examination period.

9.18.3 Examination Scheduling

The Admission and Registration department schedules all final examinations except oral examinations and projects. After the last day of classes faculty members are not allowed to hold any test or ask the students for assignment or projects. All tests or assignment-project submission will be possible before the last day of the classes and not during the final examination period. If the student is experiencing a clash of two examinations on same day or has a time conflict with common examinations, he/she must report to the Head of Admission and Registration department's office to seek redress from the office.

Requests for rescheduling or pre-scheduling the examination to any desired date or time while the date and period of examination had already been scheduled in advance will not be considered.

9.18.4 Special Deferred Final Examinations

A special deferred assessment date is granted by the College Dean to students who are unable to attend an assessment due to medical (certified on a Physician Statement form) or are in domestic afflictions of extreme nature. Applications for special consideration assessment must be received no later than the prescribed application receiving deadline indicated in the assessment schedule.

After the grant of permission by the College Dean, a special deferred final assessment date is scheduled by the Head of Admission and Registration department.

9.18.5 Make-up Examinations

A student who happens to miss a major or final examination may seek the Head of Academic Department permission for making up the examination. If the faculty member is not convinced of the student's reason he may refuse to allow a make-up. If a student is absent while officially representing the University, for example as an UAQU club member or as a participant in an athletic event, the student should be permitted to make up the examination. Major examinations are to be made up at a time which is both fair and reasonable for all parties. Final examinations must be made up within a reasonable time so that the faculty member is able to submit the final grade(s) on the day and time stipulated by the Admission and Registration department.

9.18.6 Incomplete Grades

The obligations mentioned on the syllabus for a course should be finalized on the last day of the semester. No final grade of I (Incomplete) should be given on any course unless there is a forceful and demonstrable emergency.

In case of incomplete work without an excuse for lateness, a zero or F grade is given for the absent work and the average calculated accordingly into the final grade.

Only in rare cases (such as in an emergency), and with the approval in writing by the College Dean, students may be allowed to make up unfinished work. The grade of "I" will be replaced by the achieved grade in the academic record when the faculty submits a signed Change of Incomplete Grade form to the Admission and Registration department.

It is entirely the student's responsibility to complete any course requirements if uncompleted on the specified date within forty-five (45) days from the last examination scheduled for the particular course. The faculty member has fifteen (15) days from the catch up exam for the particular course to hand in the terminal grade through the Change of Incomplete Grade form to the Admission and Registration department. Following this deadline, all undecided grades of "I" will be converted to a terminal grade of "F".

9.19 Overriding a Course Prerequisite

Overriding the pre-requisite(s) of an academic required course may be, although not usually permitted, considered for genuine reasons. An Overriding Form must be submitted for the same elaborating the reasons for the request. The Form must be recommended and signed by the advisor. The Program Leader should discuss the matter with the concerned Advisor and the student is informed, usually within three weeks.

9.20 Independent study

An Independent study course is an experience in which the student covers the content of a regularly scheduled course through individual study under the guidance of a faculty sponsor. This approach is to be used only when scheduling difficulties that would prevent the student from completing his/her program of study in a timely manner. Enrolling in an Independent study course requires signed authorization by the Dean of the College which is offering the course and the Vice Chancellor for Academic Affairs. Permission for an Independent study course will not be granted during a semester in which the regularly scheduled course is available. The Independent Study course may involve research, primary source reading, or a field work. When planning for independent study, the student and his/

her advisor should maintain a balance between this mode of study and other elective courses. A disproportionate number of independent study courses will tend to prevent a student from taking other elective courses which are equally important to scholarly development.

9.21 Academic Probation and Suspension

9.21.1 Probation

Students who fail to meet the academic standards established by UAQU will be placed on probation. The maximum duration is three regular semesters. In this duration students are expected to meet the University academic standards and norms. A student having deficiencies, if any, is expected to overcome them in this period.

Failure in maintaining a cumulative grade point average of 2.0 at the end of a semester subjects a student to probation. If a student is still found persistent with the deficiency, even after the probation period, will be disqualified to further pursue his education in UAQU.

When a student is placed on probation, the University policy is to send a letter to the student at his home address stating the requirements to be met to avoid dismissal from UAQU. To be allowed to continue on probation, he/she must improve the GPA to a minimum of 2.0 in the following semester.

Students on probation due to a deficiency in their cumulative GPA may limit their academic load which is possible as stated below:

- for the first warning: a maximum of 15 Credit hours among which (3) or (6) credit hours are repeated depending on the CGPA and the last semester GPA (To be chosen by student's academic advisor)
- for the second warning: a maximum of 12 credit hours among which (6) or (9) credit hours are repeated depending on the CGPA and the last semester GPA (To be chosen by student's academic advisor)
- if a student having a third warning fails to raise his CGPA to 2.0 at the end of the semester, his/her case will be reviewed by the head of concerned department. The latter can take one of the following actions:

- To give the student a grace semester if he/she has completed 80% or above of the required credit hours of the program and his/her CGPA may be raised to 2.0 by the end of the semester.
- To transfer the student to another program provided that his/her CGPA for the courses to be transferred is 2.0 or above
- To dismiss the student from the University.

Students on probation for any of the above deficiencies are not allowed to participate actively, or represent the University, in co-curricular activities, such as teams, clubs, plays, and UAQU competitions. They may not be nominated for the Student Union.

9.21.2 Removal of Probation and Dismissal

Students on overall probation face dismissal if they are unable to meet the minimum academic requirements even after being put on probation. In the first semester of probation, they will have to earn a minimum semester grade point average of 2.0, and maintain that performance by achieving a cumulative grade point average of at least 2.0 at the end of the third semester of their probation period. If a student fails to do so by the end of the third semester on probation, he/she will be academically dismissed from the University.

9.21.3 Suspension

A student on probation who fails to achieve a semester point grade average of 2.0 or higher after the third warning will be suspended for one semester. If still found unimproved, he/ she will be suspended for two semesters and the third suspension will be for an indefinite period.

9.21.4 Suspension Period Regulations

The University will not accept any credit for the completion of courses during a suspension period. Readmission applications by students on an indefinite suspension will be considered only after a period of 12 months following the

suspension. A student is expected to have adjusted to cope with the academic requirements at UAQU in this period.

9.21.5 Readmission after Suspension

A student readmitted after suspension will still be on probation and will have to earn and maintain a 2.0 average or higher. He/she is limited to 12 semester hours and is required to earn a minimum average of 2.0 each subsequent term to obtain a minimum cumulative average of 2.0. Failure in meeting the semester grade point average of 2.0 will result into further suspension.

9.21.6 Reinstatement

Students withdrawn from the University in a good academic standing and again wish to join after one or two semesters are considered for readmission provided they had not been dropped for scholastic or disciplinary reasons and the seat for admission is available.

The student is required to submit a written request for reinstatement to the Admission and Registration department stating his/her activities, especially academic, during the time since he/she left UAQU.

9.22 Repeating Courses

If a student has failed in a course, it is advisable to repeat it in the following semester. Students are at liberty to repeat their courses for the sake of improvement in their GPA. Raising the GPA is very necessary, especially if compulsory courses are involved. A student may repeat a course up to two times, taking into account seat availability, without the permission of the Vice Chancellor for Academic Affairs but credit hours will be counted only once in the total credit hours required for graduation. The VC for Academic affairs may consider students requests for granting students additional attempts based on exceptional circumstances.

Once a grade is earned and entered into student's record, it is considered permanently final and may not be altered. In case of course repetition, only the last grade is considered relevant and serves the fulfillment of academic requirements.

9.23 Study Abroad

UAQU offers students the opportunity to study abroad at other institutions and gain full university course credit.

- Students who apply to study abroad programs should be in good academic and disciplinary standing with UAQU and have a minimum cumulative GPA of 2.5. Any current or pending discipline issue will be taken into account in evaluating a student's application to study abroad.
- Students must have completed at least 59 credits of undergraduate courses in residence at UAQU.
- All study abroad coursework must be pre-approved by the student's advisor prior to taking the course.
- Upon successful completion of an approved foreign program of study, credit will be granted towards graduation for all appropriate courses taken on UAQU affiliated or approved programs.
- Credit is allowed for classes satisfactorily completed at another Institution with a grade of "C" or better.
- The credit hours of the courses to be transferred should be equivalent to those offered by UAQU.
- Course contents covered must also be equivalent to the course contents offered in UAQU for any program of study.
- Transfer grades are not calculated in a student's cumulative grade point average.
- Students may transfer a maximum of 15 credit hours toward their degree under study abroad program
- Students are required to maintain full time enrollment, attend class regularly and comply with all program regulations and individual course requirements in any program they choose. Students who leave the

program before it is officially completed will not receive credit for their work.

- Students who enroll in a study abroad program need to ensure that the transcript for coursework taken abroad is sent to UAQU.

9.24 Transcript

Students, whether graduated or withdrawn in good standing from UAQU will receive free transcripts of their academic record. However, during examination, registration or graduation periods transcripts of any records will not be issued. Students who have unsettled financial obligations will also not be issued transcripts of their records until settlement of their dues.

The Admission & Registration department issues transcripts of academic record. A signed Request Form needs to be submitted by the student concerned for receiving the transcript. The University will issue only complete transcripts, not in parts. The University will not issue on its own behalf the transcript or any other record of other universities on the student's file.

9.25 Graduation

Students of the last expected semester will file an Application for Graduation form in the Admission and Registration department during the registration period. The office will then start processing the necessary information for final certification for graduation. The students who have completed all the requirements including the clearance of financial obligation to the university are certified for conferral of the degree. The certified students will be conferred degrees by the end of the final semester on a date formerly announced. The permanent record of the student will be maintained with the date on which he/she was conferred the degree. In case of incomplete requirements because of which the applicants could not be conferred the degree, they need not reapply for graduation. Their previous application will serve the purpose in the following semester.

9.26 Honors and Awards

9.26.1 VP's List

At the end of each semester, all undergraduate students who earn 12 or more semester credit hours will be eligible to be named in the VP's List.

To be placed on the VP's list, a student must

- Have registered and completed a minimum of 15 hours in the semester
- Have at least a 3.5 semester GPA
- Be in good academic standing
- Rank in the top ten percent of students in his/her College.
- Have no failing grades in any of his/her courses during that semester
- Have no incomplete grades
- Have no disciplinary action against him/her

9.26.2 Graduation Honors

Graduation with honors will be designated to students who have completed their Bachelor's Degree requirements with academic excellence. To be eligible for this honor, the student's CGPA is shown as follows:

Cum Laude An average of 3.5 or higher

Magna Cum Laude An average of 3.7 or higher

Summa Cum Laude An average of 3.9 or higher

10. Student Petitions and Appeals

10.1 Petitions

Though the University maintains a strict stand as far as its policies are concerned, it holds human values while administering the rules and regulations and hence students are allowed to petition for uncompromising academic policies on humanitarian as well as other genuine grounds. Such petitions are processed through the office of the Vice Chancellor of

Academic Affairs through the Head of Admission and Registration and the Academic Petitions Committee.

10.2 Grade Appeal

Grade change appeal is one of the opportunities offered to UAQU students. A situation for grade change appeal will arise when a student considers that there is a definite departure in assessment than that is outlined in the assessment strategy distributed to students, or there is a calculation mistake or incorrect grade entry. Students seeking grade change must have valid and justifiable reasons for such appeal. Grade change petitions are required to be submitted to within 45 working days of the award of the grade.
